

## Sub Plans for Ms. Maddack

---

**ELA (1st, 2nd, 3rd, 4th, 8th, 9th) Today and Tomorrow's classes will be mainly self-directed. 4th and 9th hour are my advanced classes, so more students might finish early. 2nd hour is my supported class: Kim Rhodes is also in this class. 3rd hour has Brittani Hoeflerlin helping.**

-FIRST, students should log in to Canvas and click on the SUB PLANS module under my class. The name of their assignment is "SUB PLANS, [today's date]".

-Once their work is completed, students may work on other homework, missing assignments, reading, writing, or Sandbox (coloring app).

-They may listen to music if they have headphones. All students should stay in desks, even if they switch to a desk that is not their own (at your discretion, students may sit on the floor). Everyone needs to stay in the classroom. I'm okay with a small amount of chatter as long as students are getting work done.

-NOTE: Some students might need to step into the hallway to reconnect their wi-fi.

Also! Jakob Fox might be in class: he was here earlier in the year, and is supposed to be re-enrolling Thursday the 12th. I don't know what class he might be in.

### ELA Enrichment (5th)

1. Students need to work on homework, missing assignments, or studying for any class, both days. At 11:50, they may have quiet free time. No Silent Ball.
